

Native American Project Checklist

Prepare

I have two Native American Societies that I want to learn about:

I am curious about:

Dig

I explored a variety of resources including books, databases, magazines, and websites.

Discover

I used graphic organizers to research how two Native American Societies demonstrated their culture through:

- music
- oral traditions
- art
- dance

I included in my graphic organizers how two Native American Societies used the natural environment for:

- food
- clothing
- shelter

I used a Venn Diagram to compare and contrast two Native American Societies.

Create

I created a product to show what I learned. I made a PowerPoint presentation, a poster, a diorama, or used my own idea.

Share

I checked all the above boxes and I am ready to present!

I presented my research and creative product to the class! 😊
